

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Previously Presented) A garment comprising:
an outer garment comprising an inner pocket; and,
a vest/liner formed to selectively be worn in one of alone and coupled to the outer garment, the vest/liner having an access slit that facilitates access to the inner pocket of the outer garment when coupled to the outer garment,
means for fastening and at least partially coupling the vest/liner to the outer garment such that the inner pocket is accessible *via* the access slit when the vest/liner is coupled to the outer garment.
2. (Previously Presented) The garment of claim 1, the inner pocket including means for securing that facilitate secure storage of a personal item.
3. (Previously Presented) The garment of claim 1, the means for fastening comprising at least one of a zipper, a flexible hook and loop fastener system, a snap, a button and a hook-and-eye.
4. (Original) The garment of claim 1, wherein the inner pocket is further accessible from an outer surface of the outer garment *via* a concealed zipper.
5. (Original) The garment of claim 1, wherein the inner pocket is further accessible from an outer surface of the outer garment *via* a semi-conceal slit.
6. (Original) The garment of claim 1, the inner pocket comprising material impervious to blades.

7. (Original) The garment of claim 1, the inner pocket comprising a waterproof material.
8. (Previously Presented) The garment of claim 1, the inner pocket comprising an anti-magnetic material that insulates magnetically-sensitive items from magnetic fields.
9. (Original) The garment of claim 1, the inner pocket comprising a heat sensitive material.
10. (Previously Presented) The garment of claim 1, the inner pocket comprising a transparent material for enabling viewing of at least a portion of pocket contents.
11. (Original) The garment of claim 1, further comprising a plurality of inner pockets located symmetrically about a longitudinal axis at about the center of the outer garment.
12. (Original) The garment of claim 1, further having seven inner pockets.
- 13.-20 (Cancelled)
21. (Withdrawn) A garment comprising:
 - an outer garment comprising a pocket formed in a garment sleeve, for retaining an instrument; and
 - an opening that facilitates access to the pocket of the outer garment.
22. (Withdrawn) The garment of claim 21, the pocket comprises:
 - a window area for viewing at least a portion of the instrument; and
 - a flap, hingedly coupled to the garment sleeve, for selectively revealing at least a portion of the instrument through the opening.
23. (Withdrawn) The garment of claim 22, the opening comprises at least one of a hole through the garment sleeve and a window comprising at least one of a transparent material and a mesh.

24. (Withdrawn) The garment of claim 21, the pocket comprises a garment cuff for retaining a wrist instrument.
25. (Withdrawn) The garment of claim 24, the garment cuff comprises a wrist instrument channel sewn into a cuff of the outer garment.
26. (Withdrawn) The garment of claim 21, the pocket comprising an external pocket, located on an inner forearm of the garment sleeve, so that the instrument may be brought to a wearer's face by bending an arm at an elbow.
27. (Previously Presented) A garment comprising:
an outer garment comprising an inner pocket; and,
a vest/liner having an access slit that facilitates access to the inner pocket of the outer garment, the vest/liner can be at least partially coupled to the outer garment by means for fastening and the inner pocket is accessible *via* the access slit when the vest/liner is coupled to the outer garment; and
a pocket map indicator that provides an indication of the contents of the pocket.
28. (Currently Amended) The garment of claim [[28]] 27, the pocket map indicator comprises at least one of a color-coded map, an alphanumeric character map, and a graphical indicator map.
